

Binh T. Do

Computer Science Graduate

As a highly motivated and skilled computer science professional, I am eager to bring my expertise and passion for technology to a challenging role in the industry. With a solid foundation in programming languages such as Java, C++, and tools such as ServiceNow. I have experience in software development, database design, and system analysis. Additionally, my strong problem-solving skills, attention to detail, and ability to work collaboratively make me a valuable asset to any team.

Education

ARIZONA STATE UNIVERSITY
BS, Computer Science
2023
GPA: 3.90

Skills

Unreal Engine
Troubleshooting
Problem-Solving
Data-Analysis
Java/Fx/ Script
React
C/C#/C++
RESTful APIs
SQL
Microsoft Programs
XML
GitHub
ServiceNow
HTTP/ HTML

Experience

COMPUTER SCIENCE (STUDENT) ARIZONA STATE UNIVERSITY
Aug 2019 – May 2023

Task would require coding assignments and projects that use Arrays, Structs, Inheritance, and other techniques to overcome challenges and meet requirements. The projects must be completed satisfactorily using various languages such as Java, JavaScript, C/C++, Excel, and more.

Assisted, developed, and submitted reports, assignments, and projects of working hours and reflected any known processes, issues, and any known characteristics during the development of the project enabling me or a team to adapt to my/our mistakes.

UI/UX DESIGNER PROSEWARE, INC.
Aug 2019 – May 2023

Led the redesign of the company's e-commerce platform, resulting in a 25% increase in sales. Conducted user research and usability testing to inform design decisions and improve the user experience. Collaborated with development teams to ensure designs were implemented accurately and efficiently.

FULL STACK DEVELOPER ISPERLABS
May 2023 – Present

Continued founding further development and essential benefit towards technical practices of handling an e-commerce platform. Touched upon managing front and back end side of the system which in term greatly forwarded the stages of a potential production build. Collaborated with other interns and educated them on the common principals of web development.
